

**Support for Niner Winery creating new restaurant and increasing event calendar**

**Linda Rawlings** to: RHedges

03/25/2015 09:46 AM

The request by Niner Estates to establish a premium restaurant and increase its event calendar is avidly supported by a large group of county residents who are familiar with the organization. We have experienced the exceptional quality of Niner projects and are avid supporters of their chef, Maegan Loring, one of the most creative and popular chefs on the Central Coast. She has proven her talents in a variety of local restaurants and acquired a stellar reputation for creating exceptional dining experiences.

Megan's reputation is outstanding not only because her food tastes delicious, but the foundation of those wonderful tastes are created by a respect and use of fresh and healthy ingredients. Her dishes encompass a variety of world wide cuisines and offer us the experience of both exotic and locally grown foods from our own community. She is also well known for her community support and donates her talents to help local charities.

Given the history and talent of Maegan Loring and the sophistication and quality of Niner Wine Estates projects, It seems a no-brainer that the expansion of the restaurant and increased event calendar will clearly attract more visitors to the Central Coast and create outstanding business opportunities for the county as well.

There are a number of us who have been Maegan Loring fans for years and would love to have the opportunity to again dine at a restaurant where she is the chef.
